A Concern came to the office about someone who is living in a camper that is using an outhouse for a bathroom and has been leaving the door open for neighbors to see. Contessa spoke to property owners, and they stated that the camper and outhouse will be removed by the 24th, they will turn the outhouse, so it is facing a different direction until then.

Boston Post Cane plaque is in the office, the selectboard and will figure out a date to present it once they hear back from the family of the recipient on dates that work for them.

Mark asked to order a slow down sign for a section of road that people are driving too fast on, Josh told Contessa she can order the sign so it can be put up.

David and Marilyn Schofield finished the veteran's boards for the veteran's memorial. It is a 2-sided board with the names of all the veterans from Knox and the wars they fought in. Josh will see if he can have Derek help dig holes for the posts, Jeff and Isaac will come to help. The selectboard is hoping to have it up before Veterans Day.

Josh is still working with American Concrete to figure out a delivery day for the structure for the Shibles Road Bridge. The installation will hopefully start withing the next week.

Josh mentioned that Cliff on Dutton Pond Road would like to see what the Town can do about installing culverts to help prevent washout when the water levels rise.

Josh has not had a chance to check out Bryant Lane he would like to look into options for future years to help decrease maintenance costs on that road.

Meeting Closed 6:42pm
